Ödkvist, L. M.: See Irander, K., Hellquist, H. B., Edling, Ch. and Ödkvist, L. M.

Abnormal Vocie Qualities, Perceptual and Acoustic Correlates 441
Accessory Nerve Paresis in Radical Neck Dissection 470
Active Head Movements, Analysis of Human Vestibulo-ocular Reflex 184
Active Head Movements, Studies of the Vestibulo-ocular Reflex and Visual-vestibular Interactions 115
Brain Stem Responses in Guniea Pig, Electrically and Acoustically Evokes 25
Cochlea of the Guinea Pig, Inhibition of Na^+, K^+-stimulated ATPase 55
Cochlear Microphonic Response Following a Round Window Irradiation, Influence of Ultrasound and Temperature 32
Cochlear Sensory Cells, Structure of the Hair Rootlets by Tannic Acid Fixation . 385
Congenital Hearing Loss and Rubella Infection 262
Eighth Nerve Stimulation, Human Vestibulo-spinal Responses 86
Eustachian Tube Function Measurements in Tympanoplastic Surgery, Prognostic Value 317
Experimental Pars Flaccida Perforations, the Healing Pattern 267
Eye-head Coordination during Lateral Gaze in Normal Subjects 191
Eye Movements in Brainstem Lesions 230
Eye Movements in Normal Subjects, Quantification of Tracking 404
Head's och Body's Center of Gravity during Normal Standing, Relationship . . . 100
Hereditary Deafness in the Cat 360
Human Parotid Saliva in Sjögren's Syndroma and Sialosis 275
Human Scarpa's Ganglion and Vestibular Sensory Epithelia 199
Inner Ear, Elemental Composition of the Mature 425
Intra-aural Muscle Reflex after "Pauses" of Various Depth, Recovery 1
Labyrinthine Secretory Epithelium in vitro, Post-natal Mammalian 237
Lateral Line Canal Organ, Ultrastructure of Synapses 161
Loudness of Tinnitus 353
Malignant External Otitis, Impairment of Cellular Immunity in Patients 398
Malleus in Neonatal Golden Hamsters, Displacement 6
Mammalian Crista Ampularis Embryologic Development in Vivo and in Vitro of the Dark Cell Region 106
Mediastinoscopy, Relative Contra-Indication 460
Middle Ear Disease, Identification 283
Middle Ear Pressures on the Hearing Threshold, Effect of Static 324
Mucociliary Activity of the Respiratory Tract 462
Mucoid Otitis Media, Immune Complexis and Complement in Serous 290
Nasal Mucosa, Effects of Topical Use of β-Adrenoceptor Stimulants. Rhino-manometric Evaluations in Experiments with Terbutaline and KWD 2131 297
Nasal Mucosa, Effects of Topical Use of β-Adrenoceptor Stimulants. Rhino-manometric Evaluations in Experiments with Terbutaline and KWD 2131 130
Nasal Mucosa, Effects of Vasoactive Intestinal Polypeptide on Resistance and Capacitance Vessels 304
Neurectomie Vestibulaire Unilatérale chex le Chat, Compensation des Déficits Posturaux et Cinétiques 414
Nodular Fasciitis in the Head and Neck 152
Normal Hearing Linsterners, Relationship between Loudness and Reaction Time
Oculomotor Responses to Sinusoidal Vertical Linear Acceleration, Comparison of Human Subjective 431
Organ of Corti of the Guinea Pig, Immediate Alterations in the Impulse Noise Exposed 250

Ototoxic Actions of Ethacrynic Acid upon the Mammalian Endolymph System . . 40
Perilymphatic Ouabain in the Guinea Pig, the Effects of Inhibition of the Strial Na^+-K^+ Activated ATPase 219
Perilymphatic Pressure in the Cat 209
Pituitary Tumours in Organ Culture, Growth Hormone and Prolactin Production . 143
Postrotatory Nystagmus in the Squirrel Monkey, Effect of Off-vertical Tilt and Macular Ablation 93
Reissner's and Saccular Membranes in the Guinea Pig, Scanning Electron Microscopic Observations 370
Rhinometry, Computer-aided 139
Risk by Salicylate in Mice as a Function of Salicylate-noise Exposure Interval . . 61
Secretory Otitis Media, Ultrastructural Morphology of Mucoid Effusion 342
Sensitivity of Cochlear Albino Melanocytes to Horseradish Peroxidase 74
Spiral Ganglion Cells of the Kitten during Development, Early Stages of Myelination 391
Stria Vascularis of the Normal and the Waltzing Guinea Pig, Analysis of Proteins . 66
Temporal Bone Findings in a Case of Sudden Deafness and Relapsing Polychondritis 257
Tonsillitis in the Rabbit 309
Tympanic Membrane Changes after Installation of Polyethylene Grommets 16
Tympanic Membrane Perforations, Repair of Experimental 332
Upper Airway Problems in Industrial Workers Exposed to Oil Mist 452
Vestibular Dysfunction in Squirrel Monkeys during Rapid Decompression 125
Vestibular Nerve Activity by Efferent System in the Cat 82
Vestibular Nuclei of the Cat, Neuronal Habitutation 175

SUBSCRIBE TO

Acta Oto-Laryngologica

and you will keep abreast with the latest developments in this field of medicine.

Acta Oto-Laryngologica will bring you brief, up-to-date articles on the subject from university departments and other research centres throughout the world. Short preliminary reports on important findings are published promptly.

Acta Oto-Laryngologica only publishes articles which have been carefully examined by the editors.

Supplements are supplied free to all subscribers.

Acta Oto-Laryngologica is published on a non-profit basis.

In 1980 Vols. 89–90 consisting of 6 issues each, will be published.

Subscription price per year/2 volumes Sw. Kr. 325.00

(approx. US $79.50) including free supplements and postage.

Editor: C.-A. Hamberger, M.D.,
